Dear Brothers & Sisters,

**Re: NEW - Alpha Exposure Hotline**

As promised, the Radiation Safety Institute of Canada has set up a hotline for any workers who may have been exposed to alpha radiation at the Bruce Nuclear site. This hotline has been set up as a service to anyone who may have health related or general questions regarding Alpha radiation.

We encourage all members who may have been affected by an Alpha exposure to use this service. **The hotline number is: 1 (877) 967-9090.**

Fraternally,
