Exemplifying the True Meaning of Unionism!

On April 19 at approximately 10:30pm a medical emergency occurred on the jobsite. It happened at the Anderson Webb – Shell Project involving a serious cardiac event with a Local 800 Sudbury Pipefitter. It was the quick thinking and action of our Brother Ron Simon along with a Pipefitter Apprentice Cody Shephard who jumped into action and saved this Pipefitter's life. He is now stable and recovering in a London hospital.

Ron Simon and Cody Shephard demonstrated the very meaning of brotherhood and how our Union interconnects with all other unions. We recognize Ron and Cody as heroes and are thankful they were there to assist this man. We also want to recognize the quick actions of Shell's Emergency Response Team.

Boilermakers Local 128 is extremely proud of Ron Simon for his heroic actions.
